

Certificate of RoHS Compliance

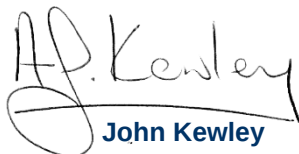

RoHS2 / WEEE Declaration

Concept Cables are committed to reducing the burden on the environment by working towards eliminating all substances that are harmful to the environment. In order to achieve this Concept Cables have put into place a continuous improvement programme to eliminate known substances of concern (SOC) that may have an impact on the environment and in particular those SOC that are referred to in the latest revision of the RoHS 2, Directive No. 2011/65/EU Amendment 2015/863. Further to this all waste and by-products of the manufacturing processes shall be kept to a minimum and disposed of in a responsible manner using licensed contractors and, where possible, sent for recycling. In particular items of EEE (electrical and electronic equipment) will be disposed of in accordance with the WEEE Directive.

We hereby certify that Concept Cables Ltd. comply with the Restrictions on Hazardous Substances (RoHS) directives to the extent stated herein.

Concept Cables does not use any of the RoHS specified substances:

Lead (Pb), Mercury (Hg), Cadmium (Cd), Hexavalent Chromium (CrVI), Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE), and four different Phthalates (DEHP, BBP, BBP, DIBP).

A handwritten signature in black ink, appearing to read 'A.J. Kewley', is written over a horizontal line. Below the line, the name 'John Kewley' is printed in a bold blue font, followed by 'Managing Director.' in a smaller blue font.

John Kewley
Managing Director.

Dated: 25th Mar 2025. Issue No 6.

Next Review Due: March 2026
